Approved:

DAVID G. GRANT,
EDWARD J. HUDON,
CLARENCE W. KNOWLES,
Selectmen of Rollinsford.

The undersigned, auditors of the town accounts, have examined the books of the Selectmen, Town Treasurer and Town Clerk for the year ending January 31, 1926, and find all cash entries sustained by appropriate vouchers, and castings correctly made, and footings agree.

RICHARD J. COLBATH,
CHARLES A. JOHNSON,
Auditors.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board of the Town of Rollinsford:

I have the honor to transmit herewith my fifth annual report as superintendent of your schools.

During the past year there has been only one change in the teaching force. Mr. Allen resigned last June, and was succeeded by Mr. Roland M. Leach, a graduate of the Castine, Maine, Normal School. With this exception the teachers have rendered at least two years of service in your schools and some of them much longer. This permanency of the teaching force is a great asset to any school system.

At the School District meeting held March, 1925, an appropriation was made for school libraries. With this money 51 books have been bought for the schools. These books are of great interest and profit to the children. They were selected to a large extent on the recommendation of the teachers. I trust that every year the tax payers will appropriate from \$25.00 to \$50.00 for this purpose. Each book, if properly cared for by the teacher, should be read by six or more classes.

During the Fall term a piano was bought through the efforts of the teachers and children, with the ap-

proval of the School Board, for the use of the schools, and placed in the Town Hall. By having two whist parties, a tag day, home made candy sale, silver collection at school Christmas tree and sale of pen wipers, made and donated by Mrs. Raymond Chase, over one hundred fifty dollars have been raised, leaving a balance of about twenty-five dollars still due.

During the summer of 1925 much was done by the School Board in repairing and improving the school property. The installation of electric lights in grades four and five of the Franklin building now enables these rooms to be well lighted on dark days. The rooms of grades two and three of the Town Hall were renovated by the addition of metal ceilings, painting, and tinting the walls. The former kitchen was made into an office for the School Board. This room has also been equipped for the use of the school nurse. The locks on the doors of the two buildings have been changed to conform to the school laws. A thorough system of sanitation has been put into operation. Sinks and drainage provide better conveniences for the rural schools. The fence around the Franklin school building has been repaired. Moreover, this work has been accomplished at a minimum expense. The total cost to date of all permanent and minor repairs has been only \$579.56.

Education Week was observed by the schools last November. This gave parents an opportunity to see the actual class room work. In the Franklin school

building an evening session was held for the convenience of those fathers and mothers who could not attend during the day. Much interest was shown in this evening session.

Your attention is called to the attendance table. Our numbers are about the same as in previous years. The percentage of attendance is not as high in some schools as it ought to be. The number of tardinesses is far too great. Regularity and punctuality are two vital factors in a successful life. This laxness of attendance is not due to lack of vigilance on the part of the teachers or of the attendance officer. The most of the absences and tardinesses are due to the indifference of those parents who do not care whether the children go to school or are tardy. Prosecution in the most flagrant cases is out of the question. The interest of the School Board is indicated by the fact that its members made 17 visits to the schools. That the public is interested is shown by the 269 visits by parents and others, or nearly one visit for every child at present enrolled. The superintendent has made 205 official visits. These vary in length from ten minutes to an hour. Forty-one cases of truancy, due largely to the aforesaid indifference of parents, have been reported to the attendance officer.

Physical instruction has become a part of our school curriculum. The services of Mr. Swann, physical director of the Y. M. C. A., of Strafford County has been placed at the disposal of the School Board, free of charge. Mr. Swann visits the schools, grades

5-8, every week. The work is definitely outlined, and is carried on the other four days of the week by the teachers.

Reports of the work which the graduates are doing in academy and high school give ample evidence that the schools are maintaining their usual high standard of scholarship.

At the present time we read much in the press about teaching Morality in the public schools. Some even go so far as to maintain that there should be regular instruction in Morality as part of the school curriculum.

The schools should not attempt to take over and shoulder the duties and responsibilities of the home and of the church. Formal instruction in Morality is not a part of the public school work. It is true that due to the breakdown of the American home, many children do not receive proper instruction in Morality. What can the school do? The presence and influence of a man or woman of good personality, who stands for the right and whose influence is always for truth, honesty and fair dealing and for the promotion of high ideals is a powerful factor in the life of every boy and girl. The school tries to secure on the part of every child five hours of clean, wholesome activity, emphasizing honesty, truthfulness, obedience, fair dealing and respect for law and for the rights of others. This is practical Morality of the highest type. Talks on questions of right and

wrong are given as occasion arises, and these occasions are frequent.

Your attention is invited to the excellent report of Mrs. William Leonard, school nurse.

In conclusion, I wish to express my appreciation of the cooperation and assistance which I have received from the School Board, teachers and parents. It has been a great pleasure to me to work under such conditions.

Respectfully submitted,

WALTER H. YOUNG,
Superintendent of Schools.

REPORT OF SCHOOL NURSE

Report of work done by the School Nurse, in Rolinsford schools—beginning September, 1925.

To the School Board and Superintendent of Schools:

There is a marked improvement in the physical condition of our school children over that of last year. They are, on the whole, much better nourished, much cleaner and a number of defects found last year have been corrected.

At the beginning of the year every child was weighed and measured and had a physical examination. We found, of course, a great many unremedied defects. These, with the child's weight and height, were recorded on his physical record card and filed away for reference. Among the defects noted were:

Malnutrition	47
Defective vision	25
Defective hearing	4
Pulmonary disease	17
Skin disease	3
Orthopedic defects	1
Defective teeth	183
Pediculosis	22
Hypertrophied tonsils	76
Adenoids	51

Enlarged glands	70
Unvaccinated	7
Other defects	3

Notices regarding these defects will be sent to the parents and they will be urged to consult their physicians.

On November 5, 1925, Dr. Kerr, the New Hampshire State Tuberculosis physician, examined thirty-four underweight children. He found many of them with suspected tuberculosis. Parents of these children have been advised of the condition and are doing everything they can to build up their children's health to combat the dreaded disease.

Health has been taught by means of health stories, games and exercises, lessons on cleanliness, care of teeth. Nutrition and first aid have been given whenever possible. Examinations for clean nails, clean teeth and general cleanliness are frequently made by the nurse.

First aid treatments of minor ailments have been given when necessary. Thirty-seven children have been excluded from school for suspected infectious diseases, most of which were whooping cough and mumps.

While we are not having the general milk lunch that we had last year, the children have been urged to bring milk from home, and many of them are responding. We hope next year and possibly later on this year, to have our milk lunches again. They certainly are a benefit.

Because of lack of time on the part of the nurse, only a few of the many things that could be done in regard to this health work in the schools, are done. But we will look forward to the time when we shall have a school health teacher, as a teacher, just as we have an arithmetic teacher. Surely there is no more important study than health.

Respectfully submitted,

ANNETTA COLLISHAW LEONARD, R. N.,
School Nurse.

STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Rollinsford, qualified to vote in town affairs:

You are hereby notified to meet at Town Hall, in said town on the second Tuesday of March next, at ten (10) o'clock in the forenoon, to act upon the following subjects:

ARTICLE 1. To choose a Town Clerk for the ensuing year.

ART. 2. To choose a Town Treasurer for the ensuing year.

ART. 3. To choose one Selectman for a term of three years.

ART. 4. To choose all other necessary Town Officers for the ensuing year.

ART. 5. To raise such sums of money as may be necessary to defray town charges for the ensuing year.

ART. 6. To see if the town will vote to pay the firemen a sum of money in addition to that required by law.

ART. 7. To see what sum of money, if any, the town will vote to raise and appropriate for Band Concerts.

ART. 8. To see what sum of money the town will vote to raise and appropriate for decorating the soldiers' graves and paying the expenses of Memorial Day.

ART. 9. To see what percentage, if any, the town will vote to discount on all taxes paid on or before the first day of August next.

ART. 10. To see what sum of money the town will vote to raise and appropriate for electric lights.

ART. 11. To see if the town will vote to establish a Public Library and accept the provisions of Chapter 8, Sections 21-26 of the Public Statutes and raise and appropriate a sum of money for the same.

ART. 12. To see what sum of money the town will vote to raise and appropriate for the improvement and care of cemeteries.

ART. 13. To see if the town will vote to give a prescription permit to any druggist, who is a regis-

tered pharmacist, doing business in the town, to sell liquor for medicinal use, under Section 14, Chapter 147 of the Laws of the January session, 1917, approved April 17, 1917.

ART. 14. To see if the town will vote to raise and appropriate a sum of money to aid the District Nurse Association.

ART. 15. To see if the town will vote to instruct the selectmen to purchase a snow plow and tractor at a price not to exceed \$6,000, and raise and appropriate this amount for that purpose, said snow plow and tractor to be delivered in Salmon Falls, N. H., not later than December 1st, 1926.

ART. 16. To see what action the town will take to resurface the road between Crocket and Rollinsford Crossings and to raise a sum of money for same.

ART. 17. To see if the town will vote to raise and appropriate a sum of money to resurface a part of Dover street running from the Boston and Maine railroad crossing and meeting the macadam road near the bridge next to the mill of the Salmon Falls Manufacturing Company.

ART. 18. To see if the town will vote to raise and appropriate the sum of \$400 for the control of the white pine blister rust.

ART. 19. To see if the town will vote to raise and appropriate a sum of money for the control of brown tail moths.

ART. 20. To transact any further business that may legally come before said meeting.

Given under our hands and seal this twentieth day of February, 1926.

DAVID G. GRANT,
EDWARD J. HUDON,
CLARENCE W. KNOWLES,
Selectmen of Rollinsford.
